

NSABP Foundation, Inc.
Clinical Quality Assurance

MANAGER CLINICAL QUALITY ASSURANCE

The position provides Clinical QA oversight of NSABP Foundation trials and manages activities to ensure compliance with applicable protocols, good clinical practice (GCP) regulations, ICH guidelines and other applicable study-specific requirements, regulations and guidelines. The incumbent will assist with readiness for and hosting of regulatory inspections and partner audits and provide management of quality plans, audit plans, risk assessments, corrective and preventive action plans (CAPAs) and audit trend analysis

The Ideal Candidate will have:

- Five (5) or more years of good clinical practice (GCP) FDA regulated clinical research experience; three (3) or more years of clinical research experience at a sponsor organization or contract research organization (CRO) preferred
- Knowledge of Clinical QA auditing strategies, implementation and reporting for various types of audits including clinical sites, vendors, CROs, trial master files, processes and documents
- B.S. Degree in life science discipline; master's degree preferred

Please email resume to Betty Trocchio at human.resources@nsabp.org.
