

**NSABP Foundation
Industry Sponsored Research
Department of Site and Study Management (DSSM)**

Senior Clinical Research Associate

The responsibility of this position is to provide expertise when appropriate to NSABP Foundation Research Collaborator institutions regarding the coordination, collection, review and monitoring of incoming site related information and patient data. This individual will also schedule and conduct monitoring calls with sites for the review of this information. Works closely with the DSSM Research Nurse Specialists (RNS), staff at Research Collaborator institutions and their treating sites as he/she assists with the facilitation of new DSSM Phase I, II and III industry sponsored research trials from concept through development and launch and continues throughout the life of the trial. He/she will act as a resource to answer queries regarding all aspects of the trial. In addition, the candidate will assist and participate in the development of educational programs for DSSM Research Collaborator institutions. This position is located in Pittsburgh, Pennsylvania.

This position reports directly to the Manager of Administrative Research Functions.

Ideal Candidate will have:

- 3 to 5 years Oncology research experience
- Certified Clinical Research Associate (CCRA) certification required
- The ability to work with minimal supervision on multiple projects
- Knowledge of regulatory standards, FDA and GCP for industry trials
- Bachelor degree preferred
- Proficiency in Microsoft Office applications

Please email CV to Betty Trocchio at human.resources@nsabp.org.
